

# OLCAY ER

## QA/SOFTWARE TEST ENGINEER

[olcayer25@gmail.com](mailto:olcayer25@gmail.com) | [linkedin.com/in/olcay-er](https://linkedin.com/in/olcay-er) | +9050556184240 | Ankara/Turkey

---

### PROFILE SUMMARY

- 5+ years of overall experience in Quality Assurance of Forensic Science with the last 2+ years of hands-on experience in Manual and Automation Software Testing.
  - Had an IT educational background, degree in Computer Technologies for the Programme in Web Design - Development - Coding and also Business Informatics.
  - Extensive experience in preparing Test Strategy, Test Scenarios, Test Cases, Test Scripts based on User and System Requirements Documentation.
  - Solid experience in Software Development Life Cycle (SDLC), Software Testing Life Cycle (STLC) and Defect Life Cycle within Agile/Scrum methodology.
  - Performed Functional, Web UI, Smoke & Regression, API, Database, Mobile, Appium, E2E, Front-End and Back-End testing.
  - Learns fast, always open to change and development, has a high sense of responsibility and compatible with teamwork.
- 

### SKILLS

- **Programming Languages:** Java, JavaScript
  - **Testing Tools:** Selenium WebDriver, Appium, JDBC, Postman, REST Assured, Cypress (basic), Jmeter
  - **Testing Frameworks:** Cucumber BDD, Singleton Design Pattern with OOP concept, Data Driven Testing with TestNG, Hybrid Framework, Karate Framework
  - **Test Management Tool:** Jira, Xray
  - **Databases:** PostgreSQL, MySQL
  - **IDE:** IntelliJ, pgAdmin4, Postman, Visual Studio Code
  - **Repository System:** Git, GitHub
  - **Build Tools:** Maven, Jenkins
  - **Methodologies:** Agile/Scrum, Waterfall
  - **CI/CD Tool:** Jenkins
- 

### WORK EXPERIENCE

#### Software Test Engineer

June 2022 – Present

#### Digivante – Freelance (UK - Remote)

- Reviewing specifications and design.
- Creating and maintaining detailed and well-structured test plans/cases.
- Estimating, prioritizing, planning, and coordinating testing activities.
- Performing testing (Functional/Regression/GUI, Integration and System level testing, etc.)
- Creating concise, easily understandable defect reports.
- Coordinating/participating in meetings with the onshore/offshore teams on a day-to-day basis and provide active feedback.

- Proficient in manual testing, approaches/techniques, and concepts (Functional, Regression, Integration, Exploratory Testing etc.).
- Experience with all aspects of software testing and development life cycle.

## **Manuel Tester**

Nov. 2020 – June 2022

### **uTest – Freealance (USA - Remote)**

- Utilized uTest's platform to conduct thorough testing of software applications for clients.
- Worked on functional, visual, content, performance and crashed issues on web-based and mobile application tests.
- Executed test cases, wrote bug reports.
- Collected browser and mobile devices logs using uTest's defect tracking system.
- Communicated with Testing Team Leads and Project Managers regarding test cycles and products.
- Contributed to the improvement of software quality by suggesting and implementing testing best practices.

## **Examination Assistant – Manuel Tester / QA Testing in Official Documents**

### **Consulate General of Turkey, Houston - TX, USA**

Aug. 2008 – Aug. 2011

### **Criminal Laboratory, Ankara, TR**

Nov. 2004 – Aug. 2008

- Examined official documents such as ID cards, passports and visas in a scientific method and created expertise reports.
- Checked, identified and eliminated defects in official documents.
- Prepared test cases, performed test execution and reporting (Performing Manual Testing).
- Attended European Union Twinning Projects and trained in “Digital Evidence Examination and Data Recovery” and “Examination of Security Documents” in Germany.

---

## **EDUCATION**

### **Associate Degree**

2019 – 2021

Anadolu University (Eskisehir - TR)

- *Computer Technologies for the Programme in Web Design-Development and Coding*

### **Doctorate**

2013 – 2016

Suleyman Demirel University (Isparta – TR)

- *Business Informatics (PhD Project: Estimation of Job Satisfaction with Artificial Neural Networks)*

### **Master of Science/MSc**

2011 – 2013

Naval Postgraduate Studies (Monterey/CA – USA)

- *Security Analysis*
- 

## **LANGUAGES**

- Turkish (Native)
- English (Full professional proficiency) / TOEFL Score: 95
